

Building capacity in
health monitoring
and evaluation

First Annual Monitoring & Evaluation Best Practice Conference

11th – 15th December, 2017 in Dar es Salaam

Conference Description

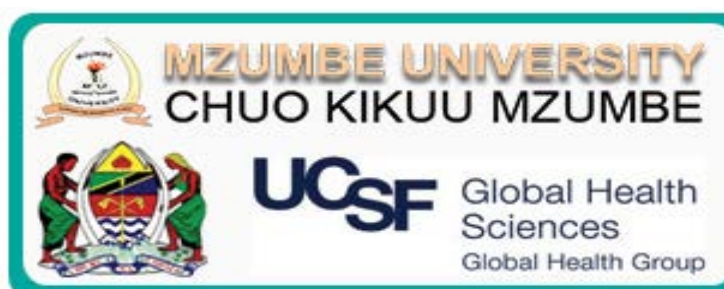

The Centre of Excellence in Health Monitoring and Evaluation (M&E) at Mzumbe University is excited to inaugurate its first annual M&E Best Practice Conference in Tanzania. The conference will include keynote presentations, individual oral presentations and plenaries, multitrack panel discussions, and poster presentations. The conference will also include technical workshops to build capacity in necessary M&E skills, roundtable discussions on topics selected by conference attendees, and “lightning talks” showcasing promising M&E methods, tools and products currently being used in the field of global health in East Africa.

We invite authors to submit their original contributions of M&E scientific research or program or community level experiences, specifically related to health program or intervention design and improvement, as either an abstract or full paper.

Abstract submissions should fall within one of the tracks below:

- **Track 1:** Routine data use for enhanced efficiency, quality and targeting of health services
- **Track 2:** Innovative strategies for improving quality of data
- **Track 3:** Synthesis of data from multiple data sources and health information systems for reporting, strategic planning, and continuous quality improvement
- **Track 4:** New technologies for data collection, management, visualization and dissemination

The accepted abstracts, complete papers and posters from the conference will be disseminated through the Mzumbe website <http://sopam.mzumbe.ac.tz/> and Centre of Excellence website <http://coehme.mzumbe.ac.tz/>. The conference proceedings will be reviewed, edited and published through the East African Journal of Applied Health Monitoring and Evaluation (EAJAHME) <http://eajahme.com/>. High quality papers submitted for the conference will be peer-reviewed for publication in a special conference issue of EAJAHME.
