

Building capacity in
health monitoring
and evaluation

Second Annual Monitoring & Evaluation Best Practice Conference

24th – 27th September, 2018 in Dodoma

Conference Description

The Centre of Excellence in Health Monitoring and Evaluation (M&E) at Mzumbe University is excited to welcome you into Second Annual M&E Best Practice Conference. The conference will include individual oral presentations, plenary sessions, poster presentations, and master's thesis presentations from students in the Masters of Science in Health Monitoring and Evaluation offered by Mzumbe University. Authors are invited to submit their original contributions to the field of M&E in programme formulation or implementation. The authors will share practical experiences from the community, Local Government Authority level as well as from NGOs. The experiences should be related to health programmes or intervention design and improvement.

Abstract submissions should fall within one of the tracks below:

- Track 1: Routine data use for planning processes
- Track 2: Innovative strategies for improving quality of data
- Track 3: Link between DHIS2 and the Direct Health Facility Financing
- Track 4: New technologies for data collection, management, visualization and dissemination.

The accepted abstracts, complete papers and posters from the conference will be disseminated through the Mzumbe websites <http://sopam.mzumbe.ac.tz/> & <http://coehme.mzumbe.ac.tz/>. In addition, the conference proceedings will be reviewed, edited in the East African Journal of Applied Health Monitoring and Evaluation (EAJAHME) <http://eajahme.com/> Some of the quality papers submitted for the conference will be subjected to peer-review and will be published in the EAJAHME special issue.
