

Building capacity in
health monitoring
and evaluation

Third Annual Monitoring & Evaluation Best Practice Conference

23th – 26th September, 2019 in Dodoma - Tanzania

Conference Description

Mzumbe University through the Department of Health Systems Management and its Centre of Excellence in Health Monitoring and Evaluation under School of Public Administration and Management together with the Ministry of Health, Community Development, Gender, Elderly and Children (MoHCDGEC) and the President's Office - Regional Administration and Local Government (PO-RALG) are excited to welcome you to the *Third Annual M&E Best Practice Conference*. The conference will include individual oral presentations, plenary sessions and poster presentations. Authors are invited and encouraged to submit their abstracts with a focus on field of health monitoring and evaluation. The selected presentations for the conference are encouraged to share among other things their practical experiences, lessons learned, success stories and best practices drawn from the community, Local Government Authorities and interventions implemented by NGOs.

Abstract submissions should fall within one of the tracks below:

1. Routine use of data for planning and decision making
2. Innovative strategies for improving quality of data
3. Link between DHIS2 and the Direct Health Facility Financing
4. New technologies for data collection, management, visualization and dissemination
5. Improving health service delivery using evidence generated through monitoring and evaluation
6. Ensuring good health and well-being: New Approaches and methods in evaluation
7. Use of Monitoring and Evaluation to improve Public Policy and Governance
8. The role of evaluation evidence in influencing national and local level policies and actions
9. Contribution of the use of health monitoring and evaluation to industrialization and local economic development
10. Use of monitoring and evaluation on health policy, programs and projects design and implementation

The accepted abstracts, complete papers and posters from the conference will be disseminated through the Mzumbe websites <http://sopam.mzumbe.ac.tz/> & <http://coehme.mzumbe.ac.tz/>. In addition, the conference proceedings will be reviewed, edited for possible publication in the East African Journal of Applied Health Monitoring and Evaluation (EAJAHME) <http://eajahme.com/>. The submitted abstract(s) for the conference will be subjected to peer-review and will be published in the EAJAHME special issue. In case the abstract has already been submitted for and presented at another conference, kindly mention this during the submission.
